ADMINISTRATION

James M. Cassin - Superintendent - Director

Superintendent's Message

A famous, or should I say infamous, student at Greater Lowell once said, "getting an education is only half the challenge...the other half is what you do with it."

As graduates you have met your first challenge, you got your high school education. For some, this will not be enough and you will go on to college, graduate school and beyond. For others, the world of work awaits you. There lays the challenge...what are you going to do with your education?

Hopefully you will follow the path that you started on as a student at Greater Lowell. The important thing is that you challenge yourself to be successful in whatever you do.

The more you challenge yourself, the more you will realize what you can do when you succeed. Each challenge that is successfully met will give you a greater feeling of confidence in your ability and your potential to succeed. That increased confidence and belief in your abilities will enable you to achieve anything you want.

Make sure to thank your family for all their support during the last four years. And I'm sure there may be a teacher or two that you might want to thank for their help.

I want to offer my congratulations to the class of 2004 and wish you success as you start your next challenge.

Sincerely,

James M. Cassin

A message from your yearbook advisor,

Congratulations to the Class of 2004. I would like to thank all of the people that have been involved in producing this yearbook. There are quite a few that contribute to this effort, and I am sure to miss someone. My apologies.

First, a thank you to Mrs. Mary Lappin's Information Processing students , especially Jackie Napier, and Gabriella Flint for compiling the write-ups, class will, and superlatives. Congratulations to Jim Poulos for his yearbook cover design, and to all the Graphic Arts students who worked so hard on their designs. A special thank you to Ashleigh Higson, Kurt Martin, Jen Vivier, and all the graphics students for all the hard work. To David Saul, thank you so much for your expertise. To my fellow advisors, coaches and faculty who planned all the events that are in these pages, let me thank you on behalf of the students for your dedication and hard work.

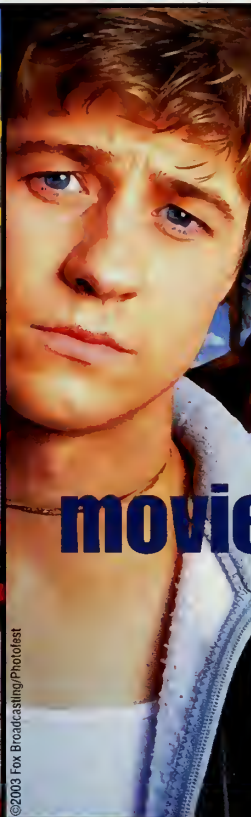

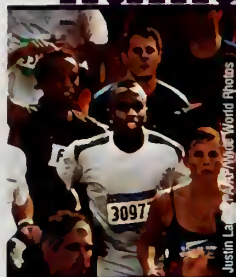

Second, I wish to thank Cathy Conole, proof reader extraordinaire. She can still pick out a typo a mile away.

Finally, my wish for the graduates is that you use this book often. It is your book of memories. Memories of friends, classmates, faculty and staff, all of whom you are greatly indebted for making the road to your future a smoother one.

Follow your hearts,

***Peggy Sarmento
